

Are you 19+?

Unemployed?

Looking for work?

We'll help you gain the confidence and skills you need to get a job.

Epic Housing is the host of the Bentilee Jet.

The Jet programme has been established across Stoke-on-Trent and Newcastle to assist anyone aged 19 or over who has been unemployed for 12 months or more to get back into work.

The programme starts with an in depth interview with a Jet Adviser to establish what would be required to get you into work.

All aspects of you as an individual are covered to identify what skills you may need, whether suitable training would help and what it is you wish to do.

An agreed action plan is drawn up with you and then you move on to the next stage, working with a Jet Liaison Officer to help you achieve qualifications or new skills. Whilst you are training the Jet is usually able to cover the costs of childcare and transport costs to the training.

Once qualifications or new skills have been gained a CV is produced for you and hints and tips on Interview Skills and Application Form completion are provided.

At this stage your details are passed to Jet business who work closely with local employers and your skills are matched to the many vacancies held by Jet business (many of which are not even advertised).

When a match is found for you Jet business will assist in the interview process to ensure you have every chance of success.

The Bentilee Jet is based at 19 Brackenfield Avenue Bentilee in handy walking distance from the Local Neighbourhood Centre on Dawlish Drive.
